

Animal Housing Spray

A natural culture of beneficial micro organisms including lactic acid and phototropic bacteria and yeasts, grown in molasses water with selected aromatherapy oils, No genetically modified micro organisms included. Safe around children and pets

***Store in a cool dark place. Do not refrigerate.
Do not store in glass***

Instructions and Dosage up to 1:100

Spray over the fresh animal bedding and sides of kennels, hutches and animal housing. Apply to fresh bedding each time replaced. A thoroughly cleaned hand pump spray is best used for this. Always spray in a very fine mist. For initial application rate we recommend applying neat still using fine mist. The product should never run on the surfaces. Product can be diluted with water if spraying regularly such as daily (1:100) or weekly (1:50). Note: 10ml or a tbspc per litre. One capful is 10ml.
